#### Description: 5 Day Classic

Our classic trips serve up everything that is special about the Abel Tasman National Park. Treat yourself to memories you'll cherish for life.

The Five Day Classic allows time to really get to know the park. Five days in the National Park allows the freedom to showcase the gems of the park on the best tides and weather conditions. We hand pick our most experienced guides who will take you where few others get to go. Our guides have the time to share their depth of knowledge about this beautiful coastal environment.

We stay in the best beach side campsites and explore the coast by sea and land. Each trip is unique and we tailor your journey to your interests, the weather and tide conditions.

The 5 Day classic does not have a set itinerary our aim is to introduce you to as many of the following highlights: Fisherman Island, Adele Island, Cleopatras Pool, the Pitt Head Loop Walk, Falls River, Tonga Island, Tonga Island Marine Reserve, various lagoons, Shag Harbour, Awaroa Inlet, the sky walk, and if we're lucky even Separation Point for the really energetic.

And then there are the secret spots... there will be plenty of adventure and relaxation and much more.
